Hello, this is Congressman Nick Rahall

I have just been informed by Congressman Morris Udall, Chairman of the House Committee on Interior and Insular Affairs, that I have been named a member of House-Senate Conference Committee of the Federal Strip Mining bill. The Conference Committee will begin its' work on June 9.

As a member of the conference committee, I will play a major role in ^{the} formulation of the ~~strip-mining-bill--strip-minin~~ final version of the strip mining bill, that if approved by Congress, will ^{CONFIDENTIAL} hopefully signed into law by President Carter. / am

I am priveleged to be only freshman ~~on-the-Committee~~, as well as the only representative from West Virginia serving on the Conference Committee, and I am confident a fair, but yet strong, strip mining law will ~~come-about~~ be the result of our work.

This is Congressman Nick Rahall

Thank you
