### Legislative Efforts for 1983

by Congressman Nick Rahall

Congress is now in full swing and a number of important legislative initiatives have been offered to deal with special concerns of West Virginians and all Americans.

Among just a few I am a sponsor of are listed below, with a short explanation:

- |               |  |
|---------------|--|
| HR 15, HR 500 | Legislation to repeal the 10% withholding on interest and dividend income.   |
| H.J. Res. 2   | Resolution that calls on the U.S. and U.S.S.R. to negotiate a mutual nuclear weapons freeze.   |
| H.R. 469      | Measure to stabilize the funding of the Railroad Retirement program, and guarantee that money is available to assist the 70,000 unemployed railroad workers. |
| H.R. 1918     | Bill to provide service pensions for WWI vets and their families.  |
| H.R. 1172     | Effort to allow a refundable tax credit for medical expenses.  |
| H.R. 1036     | Community Employment Act that would employ long-term unemployed at jobs to repair bridges, roads, sewers, schools and other vital community projects.        |

These are just a few of the projects I am currently working on the 98th Congress, in the hope to put people back to work and the put our economy back in good health.
