RAHALL ANNOUNCES EPA ASSISTANCE GRANT  
FOR WHITMAN GRADE SCHOOL ASBESTOS REMOVAL

WASHINGTON D.C. - U.S. Rep. Nick Rahall (D-W.Va.) today announced the U.S. Environmental Protection Agency has awarded a grant of \$237,997 to the Logan County School system for the removal of asbestos in classrooms hallways and administrative offices in Whitman Grade School. This grant will reimburse the school district for work it has completed in removing the materials.

"I am very pleased the EPA has awarded these funds for the continued safety of our children and school officials," Rahall said.
