WV TO RECEIVE EDUCATION GRANT

WASHINGTON, D.C. -- U. S. Rep. Nick Rahall (D-W.Va.) today announced the West Virginia Department of Education and the Arts will receive a grant of \$210,000 from the U.S. Departments of Education and Labor.

"This planning grant will enable our State to develop a comprehensive state plan to implement a School to Work Program. Exposing our youth to the next century's work force needs through education will better prepare them for their careers." Said Rahall.

The School-to-Work Planning and Development Grant program provides students the opportunity to combine classroom learning with work experience, helping them to develop the skills required for today's and tomorrow's jobs.

SUBJECT: School-to-Work Planning and Development Grant

We are pleased to inform you that the School-to-Work Opportunities Planning and Development grant submitted by your State has been approved by the United States Departments of Education and Labor. This grant will assist the State in developing a comprehensive statewide School-to-Work Opportunities system, eventually leading to full-scale program implementation.

Every State is eligible to receive a School-to-Work Planning and Development grant from funding appropriated for fiscal year 1994. Grant proposals have been reviewed in the order in which they were received and, with few exceptions, awards are being announced in that order. The exceptions have occurred in instances where additional information was required from the State.

The systems developed through these grants will offer America's youth the opportunity to combine classroom learning with work experience, helping them to develop the skills required for today's jobs.

We thank you for your support and look forward to your continued participation. If you have any questions, please call Alina Walker or Tim Jennings, Department of Labor, at 202-219-6141; or Ken Snyder, Department of Education, 202-401-1038.
