STATEMENT OF U.S. REP. NICK RAHALL

"It has been said, 'a teacher affects eternity; he can never tell where his influence stops.' Truly the world that Mr. Peregoy touched is better because of him." Rahall said.

"We should not always look to the future for the answers. Sometimes, our solutions lie in the past. We would do well to recall the lessons of C.G. Peregoy."

Rep. Rahall was a member of the last class in the old Woodrow Wilson High School.
