FOR THE HUNTINGTON MUSEUM OF ART**

WASHINGTON, DC - U.S. Representative Nick J. Rahall (D-WV) announced today that the National Endowment for the Arts has awarded a \$5,000 grant to the Huntington Museum of Art. The grant will be used for specialized training for docents and art educators participating in the museum's annual docent symposium.

The symposium has been held on an annual basis for over a decade. This year the symposium will be held at the Museum on March 20, 1995. Registration will be at 9:00 AM followed by the start of the symposium at 9:30 AM. This year's guest speaker will be Betty Edwards, Ph.D. of California State University. Dr. Edwards is a nationally renowned speaker and is best known for her book, *Drawing on the Right Side of the Brain*.

"It is wonderful to see funds granted for specialized training in the arts, especially when this knowledge will be disseminated to the attendants of the symposium," said Rahall.
