WEST VIRGINIA WINS TWICE WITH SCHOLARSHIPS

WASHINGTON, D.C. -- U.S. Rep. Nick Rahall (D-W.Va.) announced today that the U.S. Department of Health and Human Services (HHS) has awarded the College of West Virginia \$45,577 for the 1994-1995 academic year.

"West Virginia wins twice with this program," said Rahall. "This program gives disadvantaged West Virginians the opportunity to receive an education and it also provides West Virginia with badly needed health care professionals."

This funding is for scholarships in the school of nursing and was awarded through HHS's program for disadvantage students.
