Dear Mr. Mayo:

In an effort to further expose the businesses of West Virginia to the many lucrative federal contracts available, I am cosponsoring a federal procurement symposium with the Marshall University Procurement and Technical Assistance Center and the Huntington Division of the U.S. Corps of Engineers.

We have invited the top prime contractors from across the country and representatives of the most active federal agencies to exhibit booths from 9:00 am to 3:00 pm on Monday, November 6, at the Civic Center in Huntington. I am confident that this contact with the government contractors and contracting officers will be invaluable to those companies interested in contracting or subcontracting with the federal government, and I hope that you will make the effort on Monday to attend or send a representative to this event.

Enclosed please find a copy of the registration forms for the symposium and the National Contract Management Association training seminar to be held on Tuesday, November 7, at the Marshall University Procurement and Technical Assistance Center. To reserve your company's spot at either function, you may call Ronald Vest, 529-5040, at the Corps of Engineers, or Diane Coe, 696-6787, at Marshall University.

With warm regards, I am

Sincerely,

NICK J. RAHALL, II
