**AIR POLLUTION COMMISSION GETS FUNDS FROM EPA**

WASHINGTON, D.C. -- U.S. Rep. Nick Rahall (D-WV) today announced that a grant in the amount of \$862,007 has been awarded to the Air Pollution Control Commission by the U.S. Environmental Protection Agency (EPA) for continued work on the Air Pollution Control Program.

The grant brings the total awarded by the EPA for this project to \$1.37 million.

"We in West Virginia have learned to balance our priorities," said Rahall. "We understand the importance of jobs, and we know how important it is to keep our State environmentally sound. I believe that we can prove that the two are not mutually exclusive."
