HUNTINGTON HUD GRANTED \$38,000

BECKLEY, WV -- U.S. Rep. Nick Rahall (D-WV) today announced that the U.S. Department of Housing and Urban Development has awarded Huntington \$38,000 for housing rehabilitation and rental subsidies.

The money will help lower-income tenants to remain in their current housing or relocate to other suitable housing.

"Americans have always held the idea of a home in high regard. These funds will allow Huntington to help a few lower-income individuals keep that place that they call home," said Rahall.
