EXTENSION OF REMARKS OF THE HONORABLE JOHN D. DINGELL

Mr. Speaker, I wish to take this opportunity to announce that I have prepared, and expect to offer an amendment to H. R. 49, and to any bills offered as a substitute for that measure, when it is before the House later in the week.

The amendments which I will offer are designed to eliminate the possible conflict between the language of those proposals and the language of the energy legislation which my Subcommittee presently has under consideration. The language proposed by the Committee on Armed Services, on pages 5 and 6 of H. R. 5919, might have the effect of allowing the allocation of oil resources in a manner which would be entirely inconsistent with a national allocation plan developed by the Federal Energy Administration. I believe that this problem should be alleviated, and consequently have drafted language to do so.

I hope that the managers of this legislation will find themselves able to accept this amendment.

The amendments to H. R. 49 and H. R. 5919 follow:

H. R. 49: Page 12, line 4, strike "Federal, State"; and insert "State".

H. R. 5919: Page 6, lines 5 and 6, strike "Federal, State"; and insert "State".

(copies of amendments attached)

Amendment to H. R. 49, as reported

By Mr. Dingell
