The Honorable Harley O. Staggers
U. S. House of Representatives
2366 Rayburn House Office Building
Washington, D. C. 20515

Dear Congressman Staggers:

Thank you for talking to me regarding the recreation industries'
position in the upcoming energy bill. Its effect in singling
out the recreation industry to bear a major portion of the
energy shortage would severely hurt many small towns in
West Virginia and throughout the country who depend greatly
on this industry.

I trust you will consider this in your deliberations on this
bill.

Thanks again.

Very truly yours,

ALPHA ASSOCIATES, INCORPORATED
