Dear Mr. Davenport:

Thank you very much for your letter of recent date. I appreciate your taking the time to write me with reference to the present energy crisis.

It is certainly good to have your comments in behalf of the Goldwater-Rooney Amendment to the "National Emergency Energy Act".

As you no doubt know, our Committee did adopt this amendment which would "provide for equitable treatment of all sectors of the economy". You may be assured I was pleased to have supported this provision and will continue my efforts toward the passage of fair and equitable legislation for all.

Again thanking you, and with kind personal regards, I am

Sincerely yours,

HARLEY O. STAGGERS

Dear Congressman Staggers:

Dec. 12, 1973

Because general aviation is a vital link in our country's transportation system; especially in areas like West Virginia where winding mountainous roads make surface travel slow, and regular airline service is not in large supply. I urgently hope that you will support House Bill HR 11450 the Goldwater-Romey Amendment that would provide for fair and equal allocation of fuel for general aviation.

Respectfully yours,  
Henry B. Davenport III
