Dear Mr. Byers:

Thank you very much for your letter of December 5. I appreciate your taking the time to write me with reference to the present energy crisis.

It is certainly good to have your views concerning the distribution of fuel. As you may know by now, our Committee did adopt the Goldwater-Rooney Amendment to the "National Emergency Energy Act." This would provide for equitable treatment of all sectors of the economy.

You may be assured I was pleased to have supported this provision and will continue my efforts toward the passage of fair and equitable legislation for all.

Again, thank you for writing and with every good wish, I am

Sincerely yours,

HARLEY O. STAGGERS

Sir:

I understand that the National Energy Emergency Act of 1973 must still pass the House of Representatives.

I would like to go on record that any fuel shortage contingency program should affect competing forms of commerce, transportation and personal use of fuels equally.

Sincerely,

Robert S. Byers
