Dear Mrs. Churchey:

I am sorry we missed each other when you telephoned my office recently about the gasoline situation in Keyser. My secretary gave me your message.

Needless to say, I know how important it is to each of you to have the necessary fuel. As you perhaps know, I have been in contact constantly with officials of the Federal Energy Office here in Washington and the State Office in Charleston.

Yesterday, I am happy to say, we were successful in passing the Emergency Energy Act here in the House.

Assuring you of my continued interest, and with kind personal regards, I am

Sincerely yours,
