Dear Mr. Blackburn:

Thank you very much for your letter of recent date. I deeply appreciate your writing me.

From your communication, I note you feel fuel restrictions should be imposed on a totally equitable basis to all forms of transportation. Our Interstate and Foreign Commerce Committee did adopt an amendment which would "provide for equitable treatment of all sectors of the economy."

You may be assured I was pleased to have supported this provision and will continue my efforts toward the passage of fair and equitable legislation for all.

As you know, of course, the House and Senate did take action on the Emergency Energy Act during the last days of the First Session. In all probability, it will be one of the first items to be considered when the Second Session of the 93rd Congress convenes.

Again, thanking you for writing me and with best wishes, I am

Sincerely yours,

HARLEY O. STAGGERS

Dear Sir:

I would appreciate very much your urging President Nixon to impose fuel restrictions, during the energy crisis, only on a basis ~~which is totally equitable across the board to all forms of transportation.~~ I feel that the aviation fuel cut policy is discriminating against corporate airlines since their cut is much greater.

Thank you for your consideration of my request.

Very truly yours,

Richard P. Blackburn
