Mr. Byron H. Webb
Chairman
Harpers Ferry District Environmental Council
Bolivar Heights
Harpers Ferry, West Virginia 25425

Dear Mr. Webb:

Thank you very much for your letter of recent date. I appreciate your writing me with reference to the present "energy crisis."

From your communication, I note with much interest your concern with the pending energy legislation and its effect on our environmental standards. You may be assured I am glad to have the views of your Council and will keep them in mind at the proper time.

As you no doubt know, the President recently recommended that the energy bill not be passed and the Senate voted accordingly. The bill was recommitted to Conference, and further meetings have been scheduled. It is my sincere hope that something can be worked out favorably for the benefit of all.

Again, thanking you for writing and with kind regards, I am

Sincerely yours,

HARLEY O. STAGGERS

Hon. Harley Staggers,
House of Representatives.

JAN 21 1974

Dear Mr. Staggers,

I urge you to recommit the
Emergency Energy Act to Conference
to delete the long range provisions that have the effect of gutting the Clean Air Act. I am sure you know what needs to be done but this is all detailed by the Sierra Club, a copy of whose leaflet your staff may be interested in seeing. This is enclosed.

I hope by getting the bill back in Conference an environmentally improved bill can result.

Sincerely yours,

BH Webb Chairman,
Harpers Ferry District Environmental Council.
