Dear Mr. Holt:

Thank you very much for your communication of recent date also signed by James Sacks of Elkins, West Virginia. I appreciate your writing me and have noted with much interest your comments concerning the present "energy crisis."

Needless to say, the fuel matter is and has been of extreme concern to me as well. In fact, from time to time I have been in contact with the Federal and State energy officials urging that action be taken to alleviate the situation in Randolph County and other areas of our State.

As you no doubt know, S. 2589, "The Energy Emergency Act," was recently passed by the Congress. However, this legislation was vetoed by the President; and the veto was sustained in the Senate.

We are working on a new energy bill having restructured some of the provisions from the previous legislation and are hopeful that the new bill will be enacted within the near future. You and yours may certainly depend on my continued efforts to help solve this great problem facing West Virginia and the Nation.

Again, thanking you for writing and with kind regards, I am

Sincerely yours,

HARLEY O. STAGGERS

We get in line at the station only to be turned away because we arent a customer of his. I went to Morgantown to the hospital and needed gas but turned down because of wrong number. The gas got so low that the school buses had only a two day supply.

Will you see what you can do? Lets get in there and see what you can do. Let us Randolph County people Be Proud of you.
