Dear Mr. Chairman:

Thank you very much for your courtesy in taking time to talk with Councilman Frank W.C. Loo of Honolulu, Hawaii, just prior to the November 28 hearings on emergency energy powers legislation.

Councilman Loo asked me to express his appreciation of your interest. He spoke to you about the need for priority for public transportation in our fuel allocation and rationing legislation.

For your attention I am enclosing a copy of the materials Mr. Loo left for your attention. You may wish to include them in the hearing record. They give background information concerning the need of the Honolulu public bus system for adequate fuel. In any event I hope they are useful to you.

Very truly yours,

*Patsy T. Mink*
