Dear Mrs. Hoover:

Thank you very much for your letter of December 3, with reference to the energy crisis. I deeply appreciate your writing me.

With reference to your concern with the proposal for the limitation on fuel for commercial flying, our Committee did adopt the amendment which would "provide for equitable treatment of all sectors of the economy."

Again, thanking you for writing me and with best wishes,

The Honorable Harley Staggers
U. S. House of Representatives
Washington, D. C.

Dear Mr. Staggers:

Although I am residing in Washington, D.C., I am a property owner in Brandywine, Pendleton County, W. Va., owning a farm of approximately 180 acres.

The purpose of this letter is to appeal to you in connection with the ^(X)limitation on fuel for commercial flying, ^(X)of which you are the committee head. Commercial flying is an integral part of the economy of the United States - men travel by General Aviation, and much material is shipped in the same manner. I feel that General Aviation should not be cut back any more than the large commercial air lines or trucks.

Your help in this connection will be greatly appreciated.

Very truly yours,

Mrs. Ona R. Hoover
