CONGRESSMAN DAN KUYKENDALL
8TH DISTRICT, TENNESSEE

December 19, 1973

DEC 19 1973

Dear Mr. Chairman:

Handed HOS.

Please let me urge you to stand firm on the provision of the House bill that would ban the wasteful use of fuel for busing children away from their neighborhood schools.

It is my understanding that a Senate filibuster has been threatened if the Dingell amendment is allowed to remain in it. But I feel that we should call this bluff, and stand ready to stay here through Christmas if necessary.

Please do what you can.

Sincerely,

Dan Kuykendall
