Dear Mrs. Lemaster:

This will acknowledge your letter of recent date. I appreciate your writing me and want to assure you of my desire to be of service whenever possible.

From your communication, I have noted with much interest your comments relative to the price of gasoline and home heating oil. Needless to say, I can well understand your feelings and the difficulties in existing on a limited income.

As you may know, S. 2589, the Energy Emergency Act, was recently passed and did contain a price rollback provision. Last week the President vetoed the measure, and the veto was sustained in the Senate. However, I am still hopeful that we will get an energy bill passed.

Again, thanking you for writing and with kind regards, I am

Sincerely yours,

HARLEY O. STAGGERS

Dear Sir

I am Writing you in regards
to the fuel oil for home heating
Poor People like us Senior Citizens
can't afford to heat our homes and
you all ~~Congressmen~~ have let
them put the price up it is alright
for people who make Big money
but we have to pay just as much
as they do and have social security
to live on and keep up with cost
living so if you want us to vote
for you when the elections come up
you better try to help the older
people when we get a raise on social
security medicare and medicines go up
and it don't help much. so see if you
can help to get home heating oil.
price rolled back to a better price
Yours
