Dear Mr. Oldland:

Thank you very much for your letter of recent date. I appreciate your taking the time to write me with reference to the present energy crisis.

It is certainly good to have your comments in behalf of the Goldwater-Rooney Amendment to the "National Emergency Energy Act".

As you no doubt know, our Committee did adopt this amendment which would "provide for equitable treatment of all sectors of the economy". You may be assured I was pleased to have supported this provision and will continue my efforts toward the passage of fair and equitable legislation for all.

Again thanking you, and with kind personal regards, I am

Sincerely yours,

HARLEY O. STAGGERS

The Honorable Harley O. Staggers
House of Representatives
Washington, D.C.

Dear Sir:

I have been involved with auto racing for the past ten years both as a spectator and a competitor. In regard to fuel allocations, I do not feel that auto racing should be placed in a special category, but rather it should be considered the same as all other major sports.

I urge your support of House Bill 11450 with the Barry Goldwater, Jr., amendment.

As you have probably seen the Marik report which indicates that auto racing ranks seventh in the use of fuel for recreational purposes, I hope most Americans will see that motor racing is not the great waster of fuel it appears to be.

Your support of House Bill 11450 with the Barry Goldwater, Jr., amendment will be much appreciated by West Virginia auto enthusiasts.

Respectfully,

W. Dennis Oldland
