Dear Mr. Robinson:

This will acknowledge your letter of recent date. I deeply appreciate your writing me and want to assure you of my desire to be of service whenever possible.

From your communication, I have noted your comments relative to the price of gasoline. Needless to say, I can well understand your feelings.

As you may know, S. 2589, the Energy Emergency Act, did contain a rollback provision. Last week the President vetoed this measure, and the Senate sustained the veto. However, I am still hopeful that we will get an energy bill passed.

Again, thanking you for writing me and with best wishes to you and yours, I am

Sincerely yours,

HARLEY O. STAGGERS

Dear Mr. Staggers;

I am writing in reference to the cost of propane gas. I live in Jefferson County, W. Va. & today it cost 39.5¢ a gallon. Who can afford this? One year ago it was 17¢ a gallon - sixty days ago 26.6¢ a gallon.

The customer has to pay the price or do without. The large oil companies set the price.

I ask you to do all in your power to see legislation is passed to roll back gasoline & propane prices.

I feel this is far more important than trying to impeach the President.

Your efforts are appreciated.
Thanks for your time.
