Hon. Harley M. Kilgore, Member  
Special Committee of the Senate  
Investigating the War Program  
Senate Office Building  
Washington, D. C.

Dear Senator:

The Truman Committee has done an excellent job of eliminating many situations which would have retarded the nation's war efforts. Business Week, in its June 26th issue, presented a summary of the organization and policies of your committee. Knowing that this article would be of interest to you, I am sending a copy of this issue, herewith.

I sincerely hope that your committee will continue the great service it has rendered our country toward the more effective prosecution of the war and, particularly, to American business and industry.

Please be assured that any of the McGraw-Hill publications and their staffs would welcome the opportunity to be of service to your committee and would deem it a privilege to be called upon for help.

Sincerely yours,

*J. McGraw Jr*
