

WAR DEPARTMENT  
OFFICE OF THE ASSISTANT SECRETARY  
WASHINGTON, D. C.

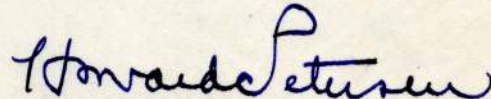

2 December 1946

Honorable Harley M. Kilgore  
United States Senate  
Washington, D. C.

My dear Senator:

Following the transmittal to the War Department in September of this year of the transcript of the Hearings of your Committee in which Colonel Francis P. Miller made allegations concerning aspects of Military Government in Germany, the War Department immediately caused to be made a thorough investigation by the Inspector General's office in Washington. There was dispatched to the Theater from Washington, Brigadier General Elliot D. Cooke to make this investigation. A summary of his report on his investigation is enclosed herewith for the information of your Committee.

Sincerely yours,

Howard C. Petersen  
The Assistant Secretary of War

Encl.
