Mr. William H. Rohan
8 Harvey Building
Racine, Wisconsin

Dear Mr. Rohan:

In reply refer
to: R-617-1

In connection with your request for an investigation by the Committee of the seaworthiness of the MIL invasion tugs being constructed by the War Department, it would be appreciated if you would furnish a list of the defects which these boats are alleged to contain, indicating the effects such defects might have on the operation of the boats.

Very truly yours,

HUGH FULTON
Chief Counsel

RI/cl
