*Senator Kilgore*

*Liberty ships*

MEMORANDUM TO ALL THE MEMBERS OF THE TRUMAN COMMITTEE

Attached you will find a first draft of the section of the report on fractures in Liberty ships. I would appreciate receiving your comments by Tuesday, so that the report can be placed in final shape and issued before the proposed recess.

Another section consisting almost entirely of figures indicating progress in man hours and dollar costs in the construction of Liberty ships is not yet completed because some of the yards have not furnished final figures. It will be available by Monday.
